

Keep COVID-19 safe at *Fremantle mental health services*

While how we deliver your care has changed, providing mental health support to you remains our priority.

Virtual care

Where possible, community service appointments are now via telephone or video call. We will contact you to talk about any changes to your appointments.

Face-to-face appointments

Face-to-face appointments and home visits will occur where clinically required.

Do not attend your appointment if you:

Are unwell with COVID-19 type symptoms

Received a positive swab result within the last two weeks

Are a close contact of a confirmed COVID-19 case

Under quarantine or self-isolation

If any of the above apply to you, phone to book another appointment time:

● Fremantle Adult
9431 3333

● Fremantle Older Adult
9431 3333

Before your appointment

Allow extra time before your appointment – we will ask screening questions. **Please answer the questions truthfully.**

You will also need to **check in** on **SafeWA** or **ServiceWA** apps and wear a surgical mask.

At your appointment

Our staff wear personal protective equipment (PPE) to all face-to-face appointments, including surgical masks with either goggles or a face shield, and possibly gloves and a surgical gown.
